Discussion:

1. Talked about sports. We are to start winter sports 11/14/16.
2. Jan Dubbs brought up that the High School does not have numbers on the exit doors. Chris Snyder said we are in the process of hanging exit routes -about 1/3 completed.
3. Jim Murtin brought up safety training is available at a cost – 600+ for two- day training. If we host the training, we can get into it for free. It can be held in the auditorium.
4. Not necessarily hands on training.
5. The training could be available to the district. Jim Murtin will follow up with filling out the application for approval. Question was asked – could this be opened to business' to attend. They suggested that early August to mid-August would be best for this type of training. Christina suggested July to allow time to implement plan.
6. Act 48 would have to know when to add to calendar.
7. Dwayne Prosceno talked a little about how our HVAC works in the district.
8. Jim Murtin reported on the last fire drill in the High School.
9. The high school created an issue (on purpose) to show the students that there are other exits available. The students did well.
10. Jim Murtin presented “Trained to Failure” could be invaluable.
11. Chris Snyder said the vans that pick up and drop off need to use the student drop off area which is clearly marked.

Meeting adjourned at 7:42 AM
